Disposable YouVeeShield Puts Clients at Ease

Easy to use and disposable, the Youveeshield blocks 99.9% of UV light. It provides slits that expose the nails, and the nature of the material allows it to grip your finger right under the cuticle. Youveeshield will bring more clients into the salon by easing the fears of customers concerned about UV light for reasons relating to a photosensitivity or just plain old caution. Ten can win a package of 20 shields.
